MEMORANDUM FOR: Acting Chief, Regulations Control Staff
SUBJECT : Proposed R and FR 20-605, Section III:
Pay Administration, Longevity Step-Increases

Our comments on the above subject are as follows:

Paragraph 5a(2). At the end of this paragraph
add:

"The longevity period shall be extended for a sufficient amount of paid service to make up unpaid absences in excess of a total of six workweeks during such period."

Paragraph 6a. At the end of this paragraph
add:

"Any period of creditable service in excess of one or two complete longevity periods, except in the case of employees in Grades GS-11 to GS-15, shall be credited toward the completion of the employee's next longevity step period."

Paragraph 6b. This paragraph would then be changed
to read:

"A change of grade or rate of basic compensation prescribed by any law of general application does not begin a new longevity period. A new longevity period begins when a longevity step-increase is effected, or after a break in service in excess of four workweeks."
